

Disaster Response

TRW and Associates, Inc. provides building owners, property managers, condominium associations, building engineers, and residential property owners with an emergency response team to minimize the damaged caused by hurricanes, windstorms, fires, or the average afternoon rain shower.

TRW and Associates, Inc. has personnel equipped and ready to handle these types of emergencies and can be dispatched 24 hours a day. TRW has adopted emergency response procedures to ensure that our customers are service as quickly and efficiently as possible.

TRW and Associates, Inc. is able to service virtually anywhere in the mainland United States, Puerto Rico, Bahamas and other North and Central American locations with our vast network of suppliers, affiliates and our cargo containers which can be shipped to any of these locations in 48 hours or less after a major disaster. Our crews can be reached and dispatched via satellite phones, pagers and two way radios.

TRW and Associates, Inc. provides the following services:

- Re-roofing
- Demolition
- Removal of debris
- Tree and shrub removal
- Temporary dry-in
- Tarp installation
- Repairs to roofs, stucco, masonry, etc.
- Waterproofing/ Coatings
- Sand removal
- Moisture control
- Dehumidification
- Structural Repairs
- Mold/ Mildew removal from building interiors
- Glass and broken window removal
- Installation of temporary doors/ windows, etc. to secure facility
- Temporary fencing

These types of emergencies are a fact of life, they cannot be avoided, but preparation and action after the event can seriously limit the damage caused by not only the storm or event itself but the subsequent damage caused by the structure and it's contents being exposed to the elements. Our goal is to help prevent consequential damages such as these by securing and protecting our customer's properties, investments and providing piece of mind that if an emergency occurs we can assist.

TRW and Associates, Inc. is familiar with many insurance companies and their policies and will work in conjunction with adjusters to assist with inspections, recommendations, and ultimately settlements to remedy the situation in the best interests of our customers.
